

## Loans boxes KS 1 & 2

As part of our service to schools we have a Victorian loan box which contains a combination of replica and original artefacts. These are available free to schools, but we do request that teachers collect and return the boxes themselves.

Handling real artefacts can enrich classroom experiences and are a great way to prepare for or follow up a visit to your local museum. Suitable for cross-curricular learning, the use of our artefacts will enhance your topic teaching and encourage children to use their powers of observation and creative thinking skills to discuss and explore.

All boxes come with teachers' notes, and include laminated selected prints of the paintings and photographs.
